## 1. Exchange Students Business School

Each year EBS Business School welcomes more than 350 exchange students from our more than 250 partner universities around the world on campus.

Founded in 1971, EBS is the oldest private business school with university status in Germany. It is located in the heart of the Rhine-Main region, in geographical terms, at the centre of Europe. This region is a hub of economic development with a population of more than 4.7 million, 320,000 companies, including 2,200 high-tech production plants, sales and services organizations.

EBS Business School is within easy reach of Wiesbaden, the capital of the state of Hesse, and Frankfurt, the financial metropolis of continental Europe with more than 430 national and international financial institutions including the European Central Bank.

The first people with whom exchange and guest students have contact with are the members of the International Programmes Team.

If you wish to broaden your educational experience by spending one or two semesters studying abroad, then we can accommodate you at EBS. We have a rich curriculum and a wide range of courses which are appropriate for either a one semester or two semester stay. In addition we offer to all students from our partner universities a German language course free of tuition charges two weeks before the official start of the semester.

You may decide that you would like a degree, not only from your own country, but also from a German university. We can offer you the option of studying at EBS for one year (Master) or 3 semesters (Bachelor) to gain a double degree, provided that there is an agreement to do so between EBS and your home institution.

The Office of International Programmes will make every effort to ensure that you have everything you need to prepare you for your studies at EBS.

It is important that you, as an exchange student, are made to feel at home; at EBS. We achieve this in the following way:

the International Programmes Team is always at hand to deal with any administrative queries or concerns and to help with general needs eg, housing; allocation of a student buddy (fellow students from EBS) who can support you on a day-to-day basis.

## 4. Courses

To help you find your way around the EBS courses, please bear in mind the following basic guidelines:

- Undergraduate students are welcome to enroll for courses in our Bachelor of Science programmes;
- Graduate students are welcome to enroll for courses Master programmes;

90% of our undergraduate level courses are taught in English.

Our Master and MBA programmes are taught 100% in English.

Please note that the course offering may change from year to year. After enrolment students will receive a tentative course list.

The course catalogues can give a general idea about which courses will most likely be offered in spring and fall terms on the different levels.

**Modules and Courses**

Our Bachelor and Master programmes are taught in so-called *modules*. Modules are groups of courses which are tied together and which can only be registered for as a whole. An overall module exam is taken at the end of the semester which includes elements from all courses within this module. However, only one overall mark is given.

Few modules are structured in such a way that it is not possible to take the whole module during one semester. In such a case, students can take the course on its own - these courses are labeled as "stand-alone-courses". For each stand-alone-course a separate exam takes place.

## 5. European Grading System

60 ECTS credits represent the workload of a year of study; normally 30 ECTS are given for one semester.

Credits are awarded only when the course and all required examinations have been successfully completed.

Students participating in ECTS will receive full credit for all academic work successfully completed at EBS and will be able to transfer the credits earned.

A transcript will be sent to the home institution at the end of the semester.

- Number of weeks per semester: 14
- Languages of Instruction: 90% of undergraduate level courses and 100% of graduate level courses at EBS are taught in English.
